

#### FEATURES:

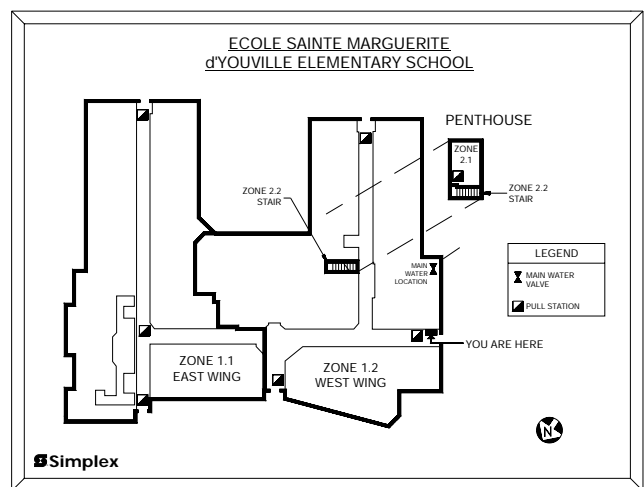

- Brushed Anodised Aluminum Frame
- Black & White, or Colour
- Mylar Film Artwork
- Security Mounting Hardware
- Easy to Revise Construction
- Custom Built to Suit Each Job Site

#### DESCRIPTION:

Either a drawing of the graphic of the building drawings and zone information (hardcopy of CAD) must be supplied. A drawing will be generated and submitted for approval. Once approved, the graphic artwork is transferred to a mylar film which is mounted behind a clear acrylic shield in a brushed anodised aluminum frame. Security mounting hardware is also supplied. The graphic can be sized to match a Simplex fire alarm control panel, if desired.

#### ENGINEER'S SPECIFICATION:

A custom graphic will be supplied to assist in identifying the location of an alarm. The graphic will clearly show the building layout, the fire alarm zoning, and the location and orientation of the graphic being viewed. The graphic will be easily modified by exchanging a new artwork for the old one should changes be necessary.

**PASSIVE GRAPHIC**

SPECIAL	SPECIAL	4602-9399	4602-9399	—	4602-9399	SPECIAL

† Order 4602-9316 for each zone more than the number included.

\* Order 4602-9309 for every colour used (no charge for red "You Are Here").

Select one PID from the Black & White column, or one PID from the Colour column according to the size that is appropriate, then select the frame from the same row to match. 4602-9316 extra zones and 4602-9309 colours are ordered as required. When selecting size, the amount of detail on the graphic must be considered. It is not practical to display more than the 10 included zones on the 9" x 12" size graphic, while the 6 unit size has room for over 100 zones.

## MOUNTING INFORMATION:

See instructions included in Security Hardware Kit.
