

FEATURES:

- Standard 4002/4100 Mounting
- Custom Frames Available
- Black & White, or Colour
- Mylar Film Artwork
- Pluggable to Standard Graphic Drives
- Wide Angle Viewing of LEDs
- Easy to Revise Construction
- Custom Built to Suit Each Job Site

DESCRIPTION:

Either a drawing of the graphic or the building drawings and zone information (hardcopy of CAD) must be supplied. A drawing will be generated and submitted for approval. Once approved, the graphic artwork is transferred to a mylar film which is mounted behind a clear acrylic shield. The graphic is sized to match a Simplex fire alarm control panel. Custom sizes are also available.

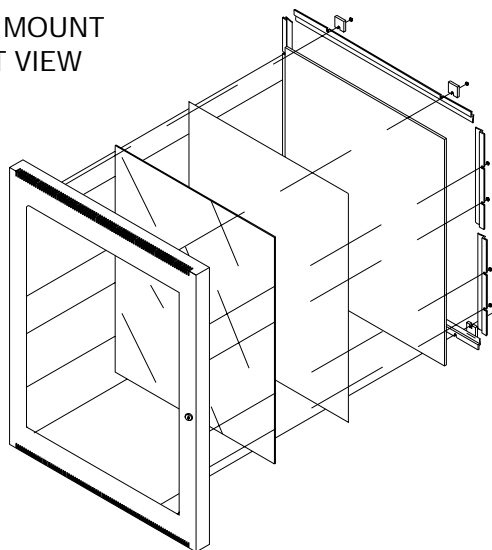

ORDERING INFORMATION:

SIZE	AVAILABLE VIEWING AREA	BLACK & WHITE	COLOUR	NUMBER OF ZONES INCLUDED†	FRAME	FRAME OUTSIDE DIMENSIONS
2 unit	16"H x 22"W	4602-9333	4602-9334	16	4602-9346	21 1/4"H x 26 1/2"W
2 unit	16"H x 22"W	4602-9310	4602-9313	35	4602-9346	21 1/4"H x 26 1/2"W
4 unit	31 1/2"H x 22"W	4602-9311	4602-9314	35	4602-9347	36 3/4"H x 26 1/2"W
6 unit	46"H x 22"W	4602-9312	4602-9315	35	4602-9345	52 1/2"H x 26 1/2"W
SPECIAL	SPECIAL	4602-9399	4602-9399	—	4602-9399	SPECIAL

Select one PID from the Black & White column, or one PID from the Colour column according to the size that is appropriate, then select the frame from the same row to match. 4602-9316 extra zones and 4602-9309 colours are ordered as required. When selecting size, the amount of detail on the graphic must be considered. It is not practical to display more than the 10 included zones on the 9" x 12" size graphic, while the 6-unit size has room for over 100 zones.
